INTERNSHIPS

Python Developer Intern [Pythonic Labs, Mumbai] | [Link](#)

April 2024- May 2024

- Developed Python- and SQL-based solutions for data analytics, visualization, and API integration.
- Built and delivered projects such as Vendor Performance Analysis, Banking EDA, and Ola Data Analytics, transforming raw datasets into meaningful reports and dashboards.
- Delivered actionable insights that improved decision-making and reporting accuracy.

Web Developer Intern | [[Dejorix](#) , Mumbai] | [Link](#)

January 2025- June 2025

- Designed and developed responsive web applications using HTML, CSS, JavaScript, and React.js.
- Collaborated with the design team to translate UI/UX wireframes into interactive, user-friendly features.
- Optimized application performance and ensured cross-browser compatibility for a seamless user experience.

PROJECTS

Discord Bot | [</>](#)

Tech Stack :Node.js, Discord.js, MongoDB, WebHook, Giphy, OpenAI

- Developed a multipurpose Discord bot with 400+ commands for moderation, economy, and entertainment.
- Integrated MongoDB Atlas for efficient data storage and personalized server configurations.
- Enhanced an open-source project, improving performance, scalability, and user engagement.

FinSight (AI Finance Platform) | [</>](#)

Tech Stack: Next.js, TailwindCSS, Supabase, Gemini AI, Shadcn UI

- Built a full-stack AI-powered finance platform for automated expense tracking and financial insights.
- Integrated Gemini AI for receipt scanning, enabling accurate data extraction and categorization.
- Designed a modern, responsive UI with Shadcn components and implemented secure data management using Prisma.

Crowdfunding Marketplace | [`</>`](#)

Tech Stack: React.js, Solidity, Hardhat, Metamask

- Developed a decentralized crowdfunding platform enabling users to create campaign and raise fund for their project via Ethereum smart contracts, with a responsive UI built using React.js.

EXPERIENCE

Discord Moderator

Freelance | 2023-2024

Managed and moderated Discord communities, ensuring a safe, engaging, and organized environment. Enforced community rules, resolved conflicts, and provided support to members.

Discord Bot Developer

Freelance | 2023 – 2024

Created custom Discord bots with API integration, automation, and moderation features to enhance server functionality

Community-Based Digital Asset Transaction Coordinator

Freelance | June 2024 – Dec 2024

Facilitated peer-to-peer cryptocurrency transactions, ensuring secure and accurate exchanges. Gained experience in crypto valuation, exchange rate analysis, and real-time transaction management.

Shopify Developer

Freelance | 2025

Created and customized a Shopify-based jewelry e-commerce website for an individual client. Designed product pages, implemented secure payment gateways, and optimized site layout for a smooth shopping experience. Delivered a fully functional online store with a professional and user-friendly interface.
